

Rahul Arora

DATA SCIENTIST

[My Portfolio](#) | rahul.arora0603@gmail.com | +91 9649799499 | [Github](#) | [Linkedin](#) | [LeetCode](#) | Jaipur, India

Professional Summary

Data professional with experience working as a **Data Science Trainer and Consultant** at Skill Circle. Skilled in Python, SQL, machine learning, and data visualization tools such as Power BI. Experienced in building end-to-end data science projects including recommendation systems, NLP models, and AI-powered web applications. Passionate about applying data-driven techniques to solve real-world problems.

Experience

Data Science Trainer and Consultant

[SkillCircle](#), Gurugram | Dec 2024 – June 2025

- Delivered **40+ training sessions** on Python, Data Analysis, Machine Learning, and Data Visualization tools to batches of **20–30 students**.
- Created **10+ course modules** and **10+ hands-on projects** covering real-world Data Science applications.
- Mentored **60+ students** on capstone projects, model development, and deployment best practices.

Projects

DocuSearch AI - Enterprise Document Intelligence & RAG Assistant

- Built an **enterprise document intelligence and RAG system** using **Google Gemini, LangChain, LangGraph, Transformer embeddings** and vector search for querying unstructured documents.
- Implemented document ingestion, metadata extraction and **800-token chunking**, followed by semantic embedding and contextual retrieval to generate grounded responses using **LLMs**.
- Designed a modular **LangGraph agent workflow** for document retrieval and response generation, enabling structured multi-step reasoning over enterprise knowledge.

Semantic Movie Recommendation System

- Built a **semantic movie recommendation system** using **NLP, NLTK, Sentence Transformers and cosine similarity** to recommend movies based on plot and metadata similarity.
- Implemented text preprocessing, feature extraction and **transformer-based embeddings** to capture semantic relationships between movies.
- Applied **KNN and similarity-based retrieval** to identify relevant recommendations and serve personalized movie suggestions.

Certifications and Achievements

- [Google Data Analytics Certificate | Coursera](#)
- [Data Science | Internshala Trainings](#)

Skills

- Programming:** Python, SQL, C, PL/SQL.
- Data Science:** Pandas, NumPy, Scikit-learn, Feature Engineering, Machine Learning, Deep Learning.
- AI/ML:** NLP, Computer Vision, CNNs, RNNs/LSTMs, XGBoost, SHAP, SMOTE, RAG, LLMs.
- Tools & Deployment:** FastAPI, Flask, Streamlit, Docker, Git/GitHub, Jupyter
- Visualization & BI:** Power BI, Excel, Matplotlib, Seaborn, Plotly.

Education

- Master of Computer Application (MCA)** | Manipal University, Jaipur Online | 2026 - 2028
- Bachelor of Business Administration (BBA)** | St. Xavier's College, Jaipur | 2019 - 2022
- Senior Secondary (Commerce & IP)** | Maheshwari Public School, Jaipur | CBSE Board | 2017 – 2019 | 91.4% .
